Subject: Hearing for Bill & Becky Allen Co File# DRC2010-0013

We support the variance that Bill & Becky Allen are requesting for 2733 Richard Ave, Cayucos, however, we request that two issues be addressed for the permit and they are:

1. That all damages to the street (Richard Ave) be fixed before the final occupancy permit be issued. We have been here 20 years and in all cases the road has been damaged by any new houses being constructed.
2. The construction workers not be permitted to park in front of houses that prevent the occupants from entering or leaving their houses. This has also been a problem with almost all new construction on this street since we have lived here.

We apologize for the lateness of this e-mail, but just noticed that the original has been returned because we made an error in e-mail address.

We are planning to attend the hearing tomorrow, but would like this e-mail to be a record of our concern.

Thank you for considering these issues.

Vern & Kathy McDonald
